MIKE DIANA '94

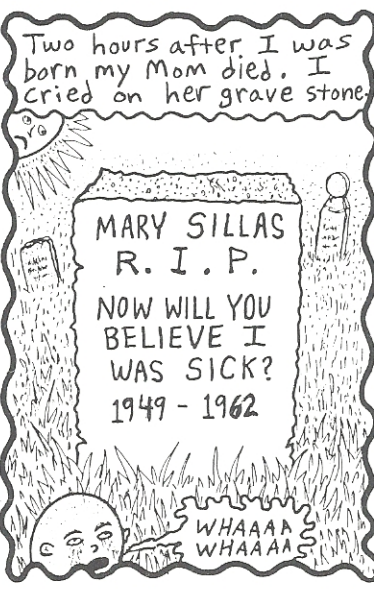

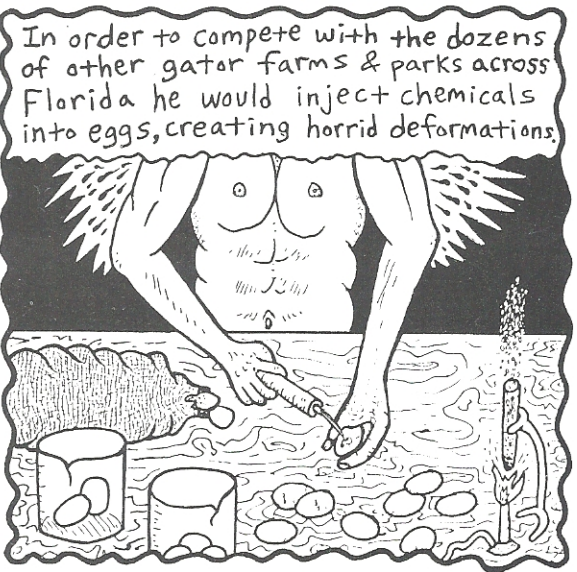

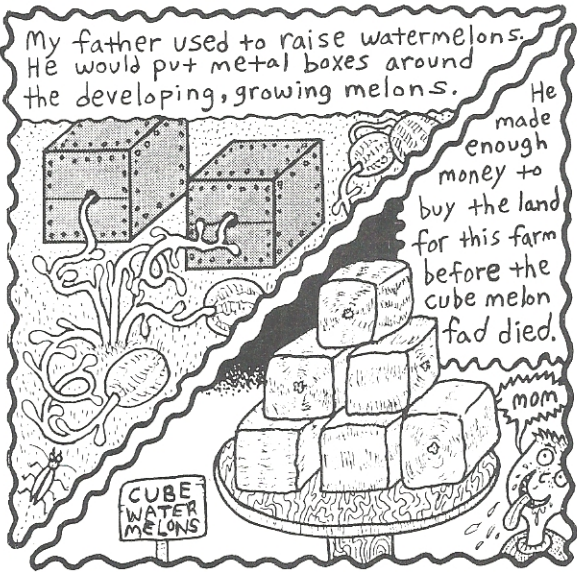

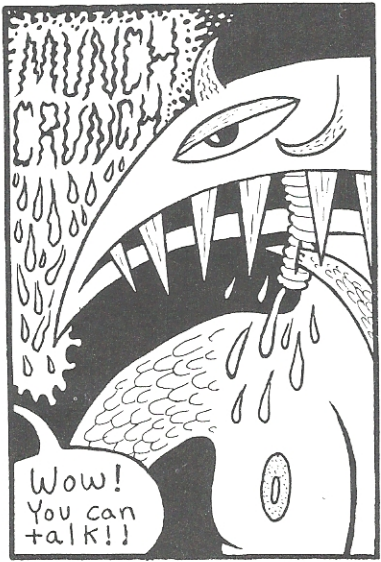

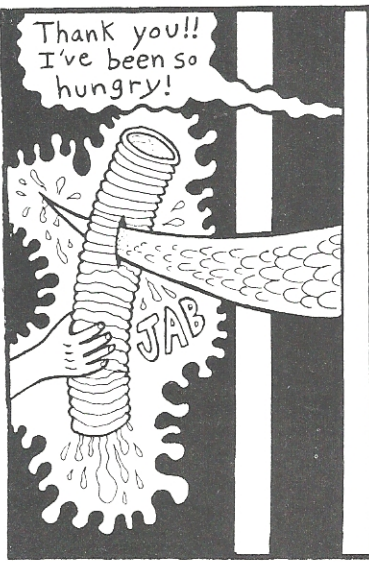

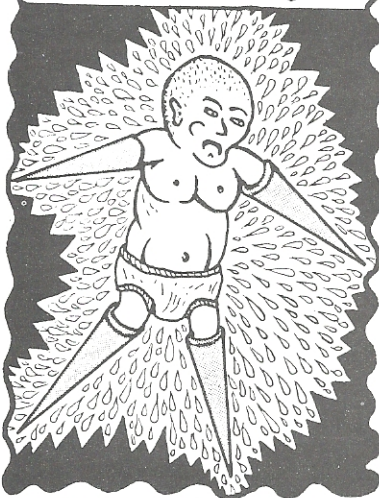

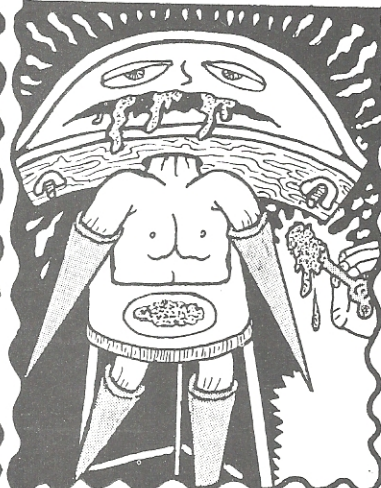

Dad stuck metal cones on my little arms & legs!!!

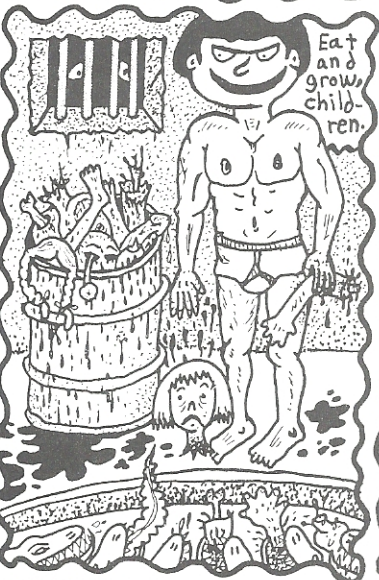

A wooden vice was tight on my head 24 hours a day.

When I turned 7 I realized I recognized many of the kids on milk cartons!

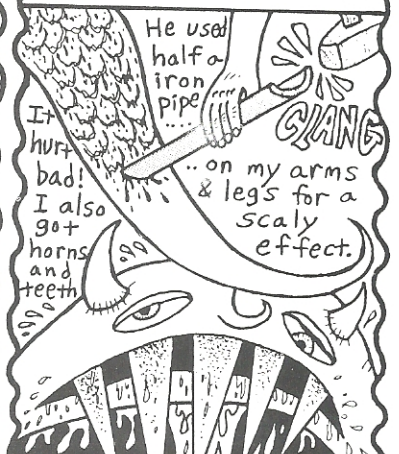

Eat and grow, children.

I didn't spend my teen days dating or dancing like other teens. I worked 7 days!

After I built the gift shop & gator-burger hut, Dad added my "final touches!"

I'm sorry, I didn't mean to bore you with my sob story.

No! I will help you!

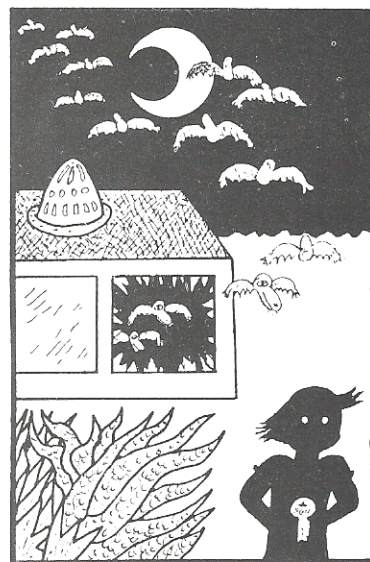

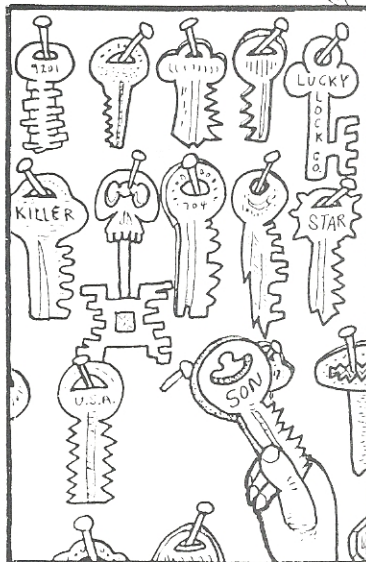

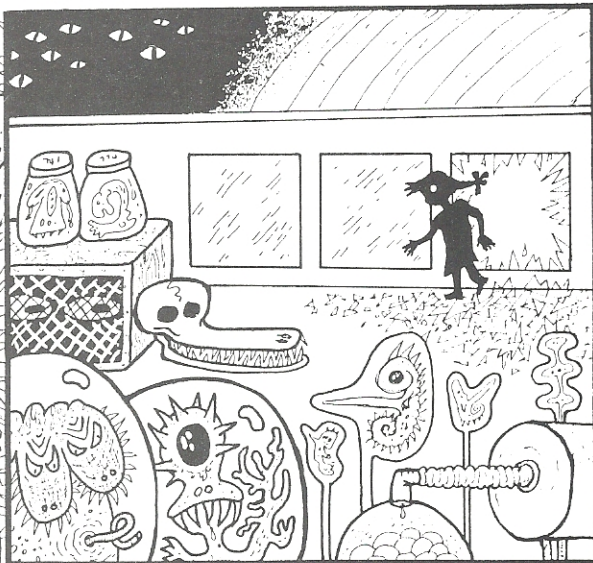

O.K. I'll do it!

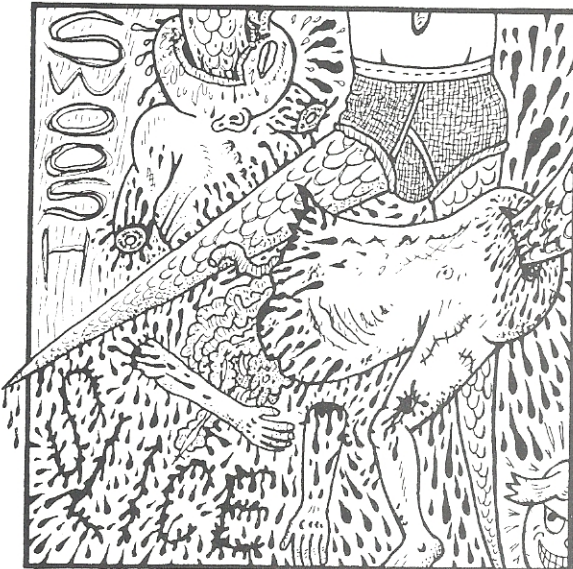

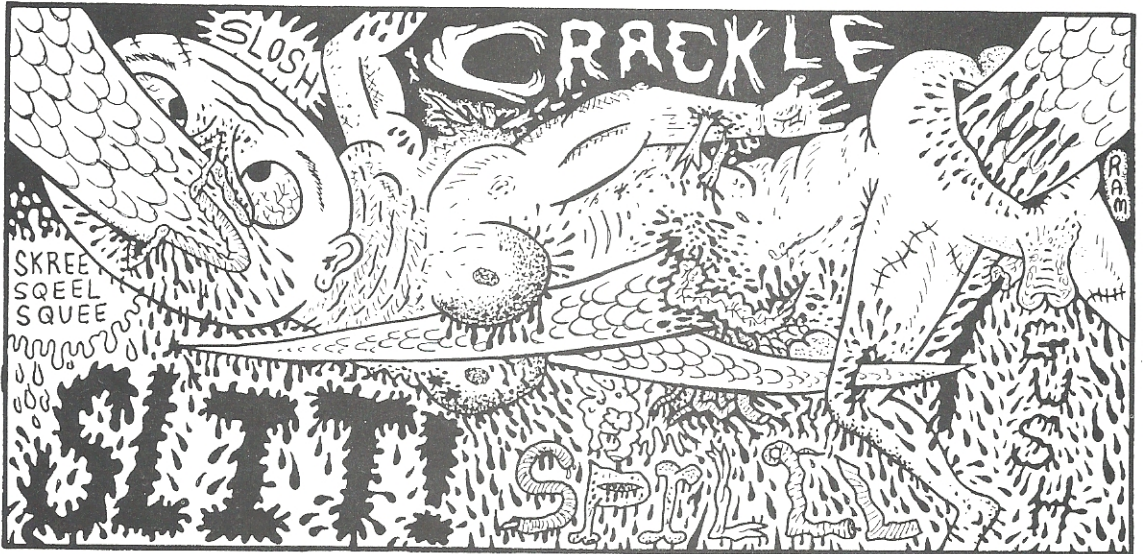

He keeps the key to my cage in rack #6 in experimental baby gator lab #8. Now hurry & get back, it's getting so dark very fast.

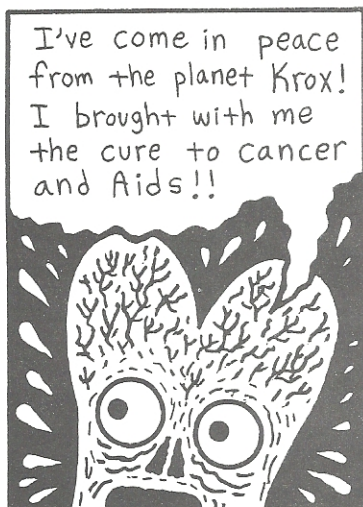

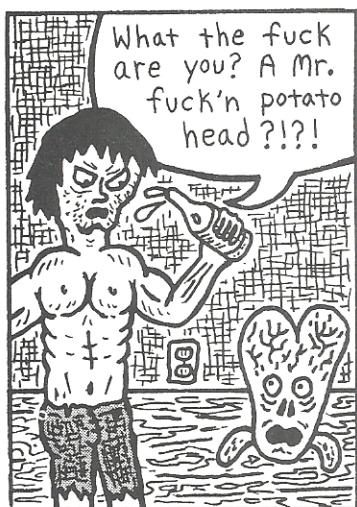

Dammit! I knew I saw a big rock on that cunts hand.

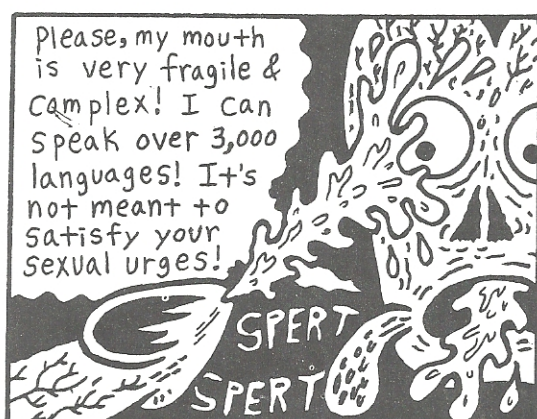

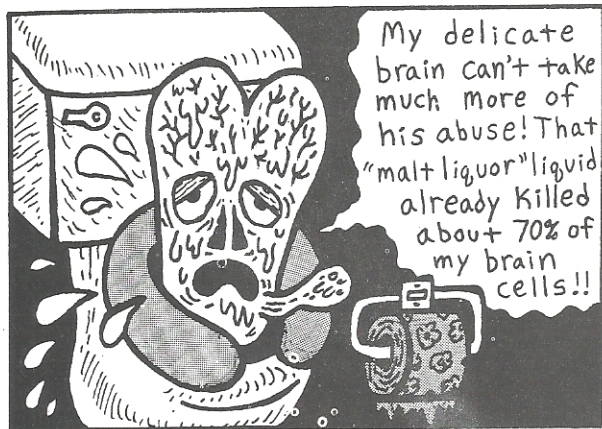

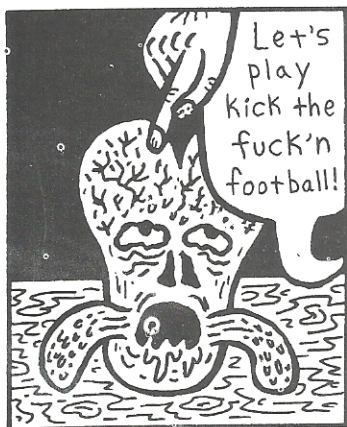

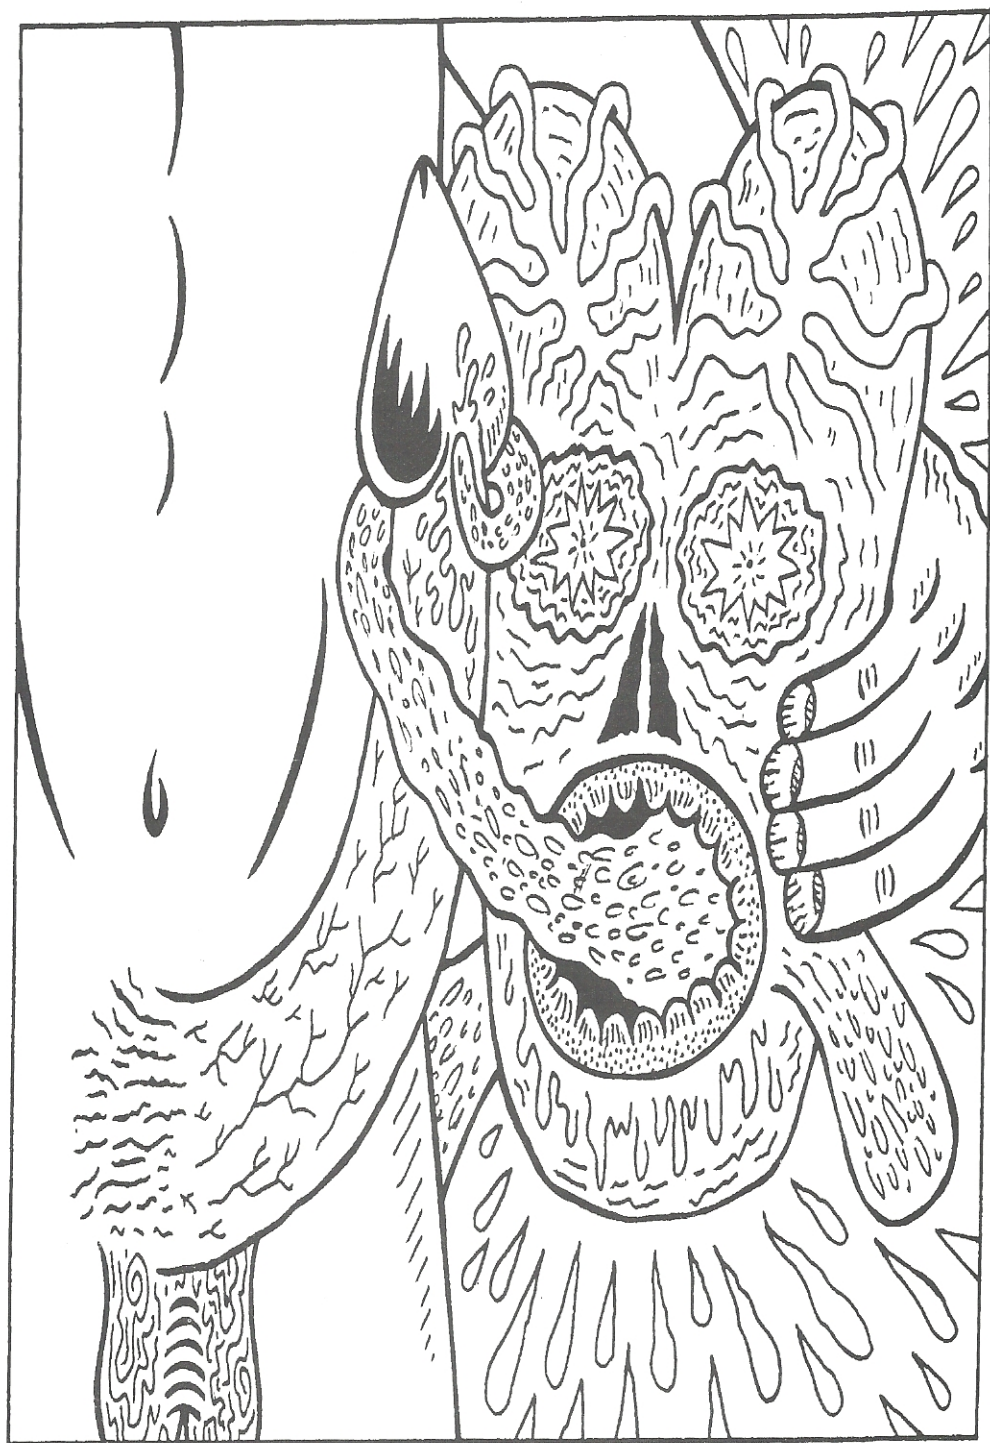

I IN PEACE!

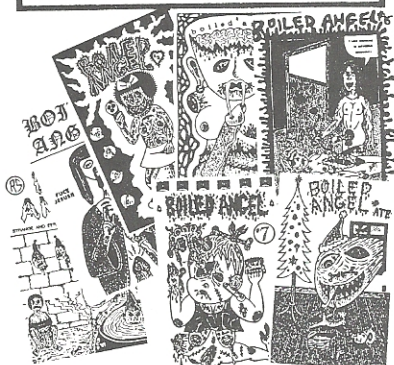

JAILED JUST FOR DRAWING COMICS

A TRUE COMIC BY MIKE DIANA '96

In 1989 I started my own homemade comic book called Boiled Angel. An undercover officer ordered issues number seven and eight from me through the mail.

In March, 1993 I received a certified letter at the post office. To my horror it was a summons for me to appear in court. I was charged with obscenity.

Obscenity

I immediately called the Comic Book Legal Defence Fund & they took my case. My lawyer was Luke Lerot, a specialist in the first amendment. I went to court for four days.

On March 25, 1994 after only 90 minutes of deliberation, the jury returned with a guilty verdict on all three counts. The judge sent me to jail until sentencing on Monday. I was handcuffed & led to the paddy wagon.

I was held in maximum detention without bond!

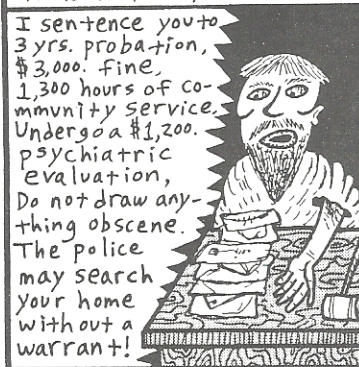

I was in a small cell with a metal bed & neon light that blinded me 24 hrs

Other inmates were accused of murder & rape. They all thought it was ridiculous that I be jailed just for drawing pictures. I got along with everyone fine.

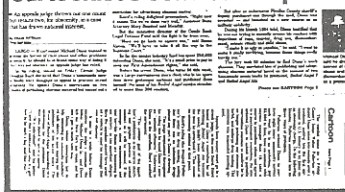

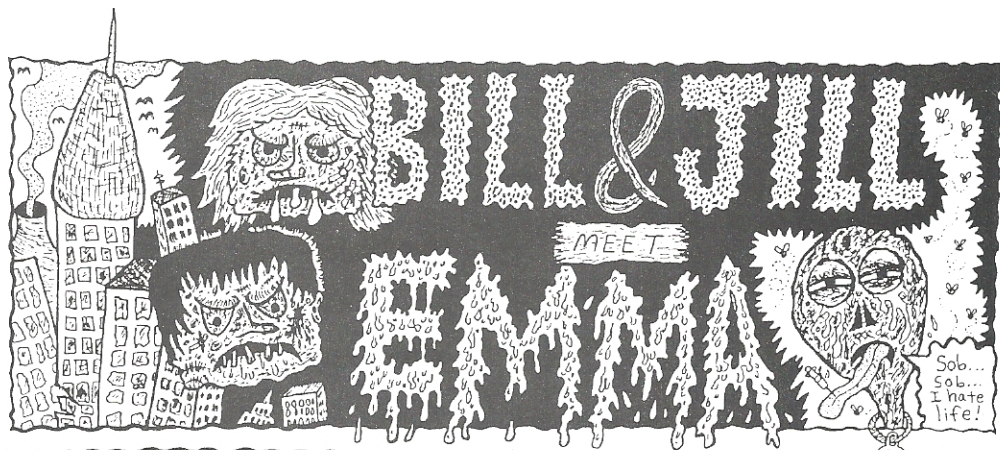

On Monday morning I was returned to court. I knew I was facing 3 years in jail. Judge Walter Fullerton had a stack of letters, "from citizens urging him, to lock me up for good."

I spent four months on probation. I worked at the Vietnam Veterans thrift store painting signs. Finally the CBLDF paid a \$3,000. bond to get me off probation until the outcome of my appeal. By the look of recent headlines it's not going to get better!

Cartoonist's conviction upheld

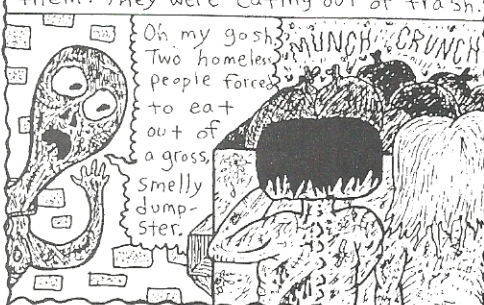

Emma hitchhiked to N.Y.C. all the way from the swamps of sunny Florida. She now preaches with her bible.

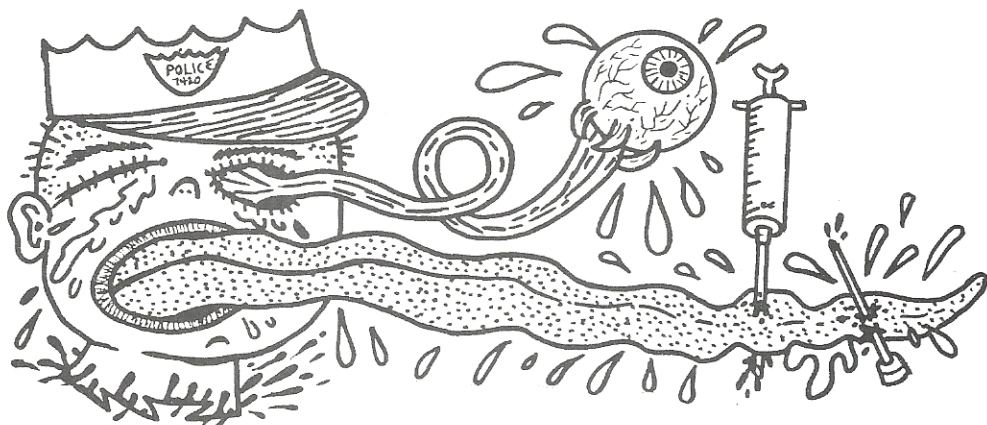

Emma came across Bill & Jill in a dark alley. She just wanted to help them. They were eating out of trash.

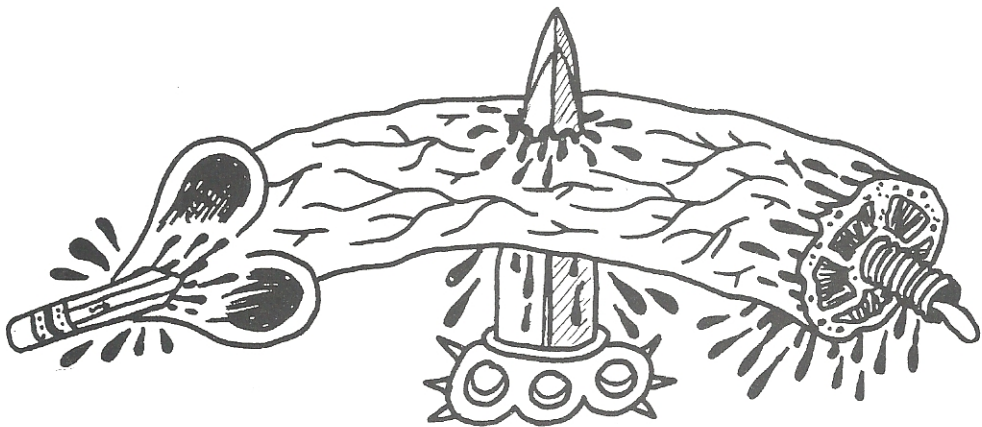

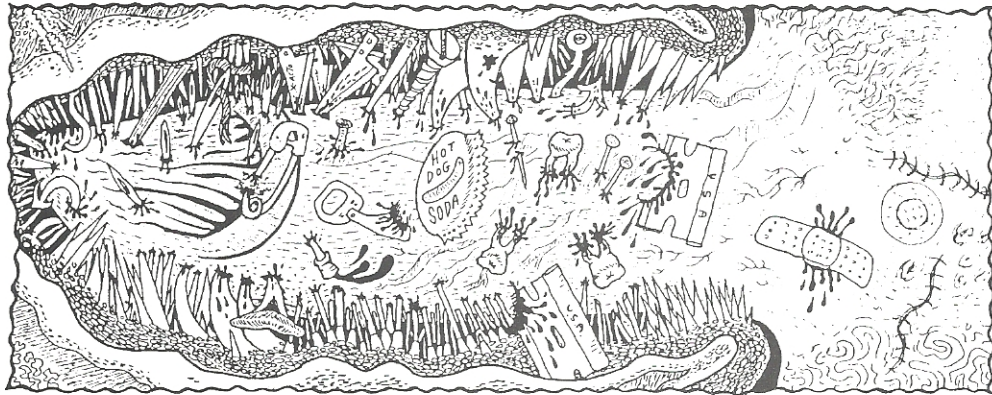

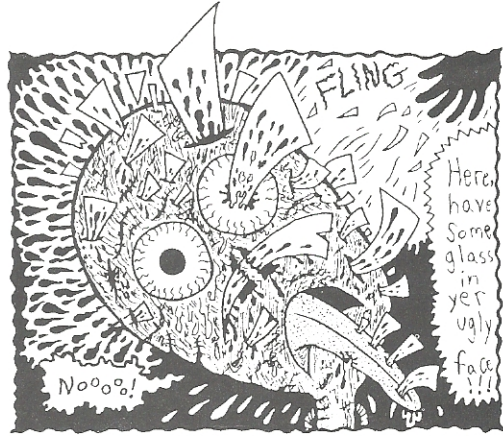

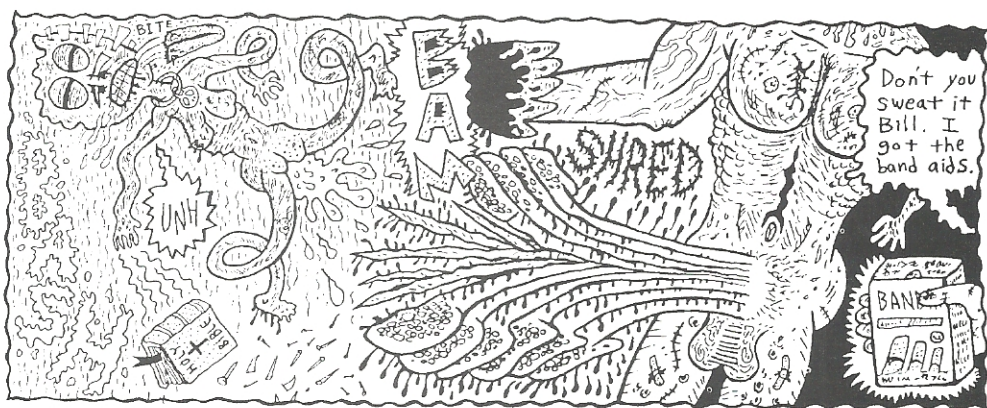

Emma was horrified when she realized they were dumpster diving for tiny fetuts. This was an abortion clinic.

I use to be a very weak person like you. Let Christ into your heart & he will help you turn your life around & you will be happy forever!

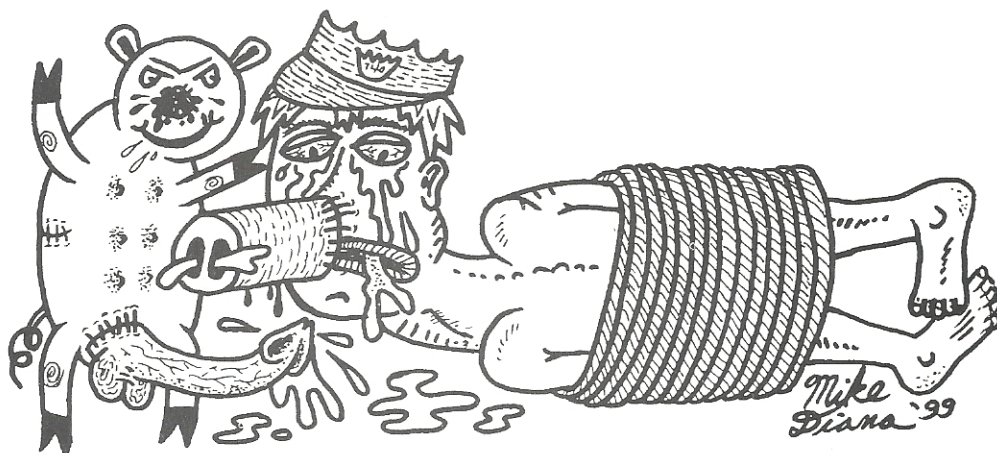

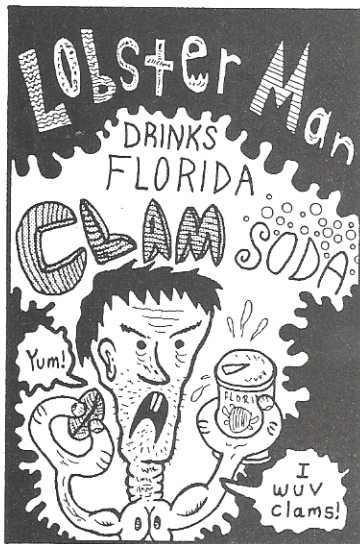

Emma forgave Bill & Jill for their horrific sins. They now live together with "Prick", the dog in the alleys of the big apple!!!

Chauncey always did well in science class and he enjoyed school very much.

At home he would play happily with his brother & sisters. They played train with the porch furniture & had a cardboard box caboose.

But then Chauncey got involved with the wrong boys, gun toting drugies.

Mom smiled when she saw them playing like cowboys, not knowing the guns were real.

They made him snort crystal meth

Chauncey then began to argue with his little siblings!!!!

KIDS THESE DAYS:

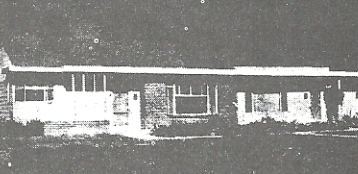

Chauncey grabbed a knife then stabbed mom & Dad in their faces killing them!

Chauncey watched his brother crawl across the Kitchen floor as he bled to death!!

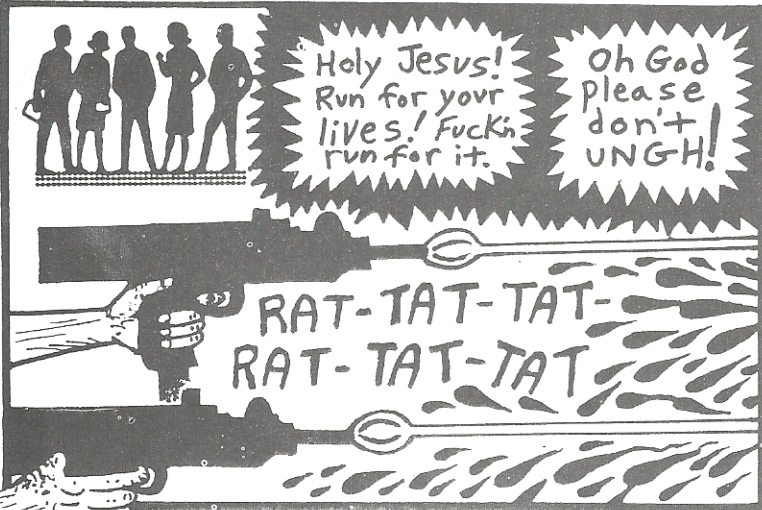

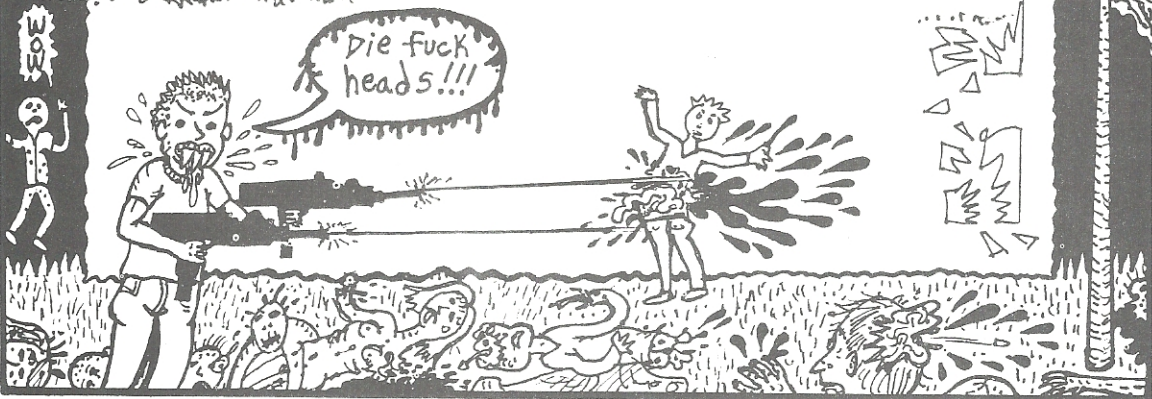

The same fate fell on the two little girls of the family!

Time to go to school.

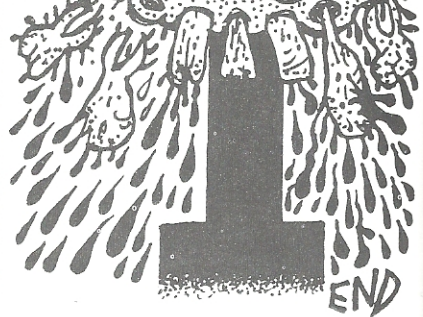

Armed with two submachine guns he killed hundreds of students & teachers outside & inside the school!

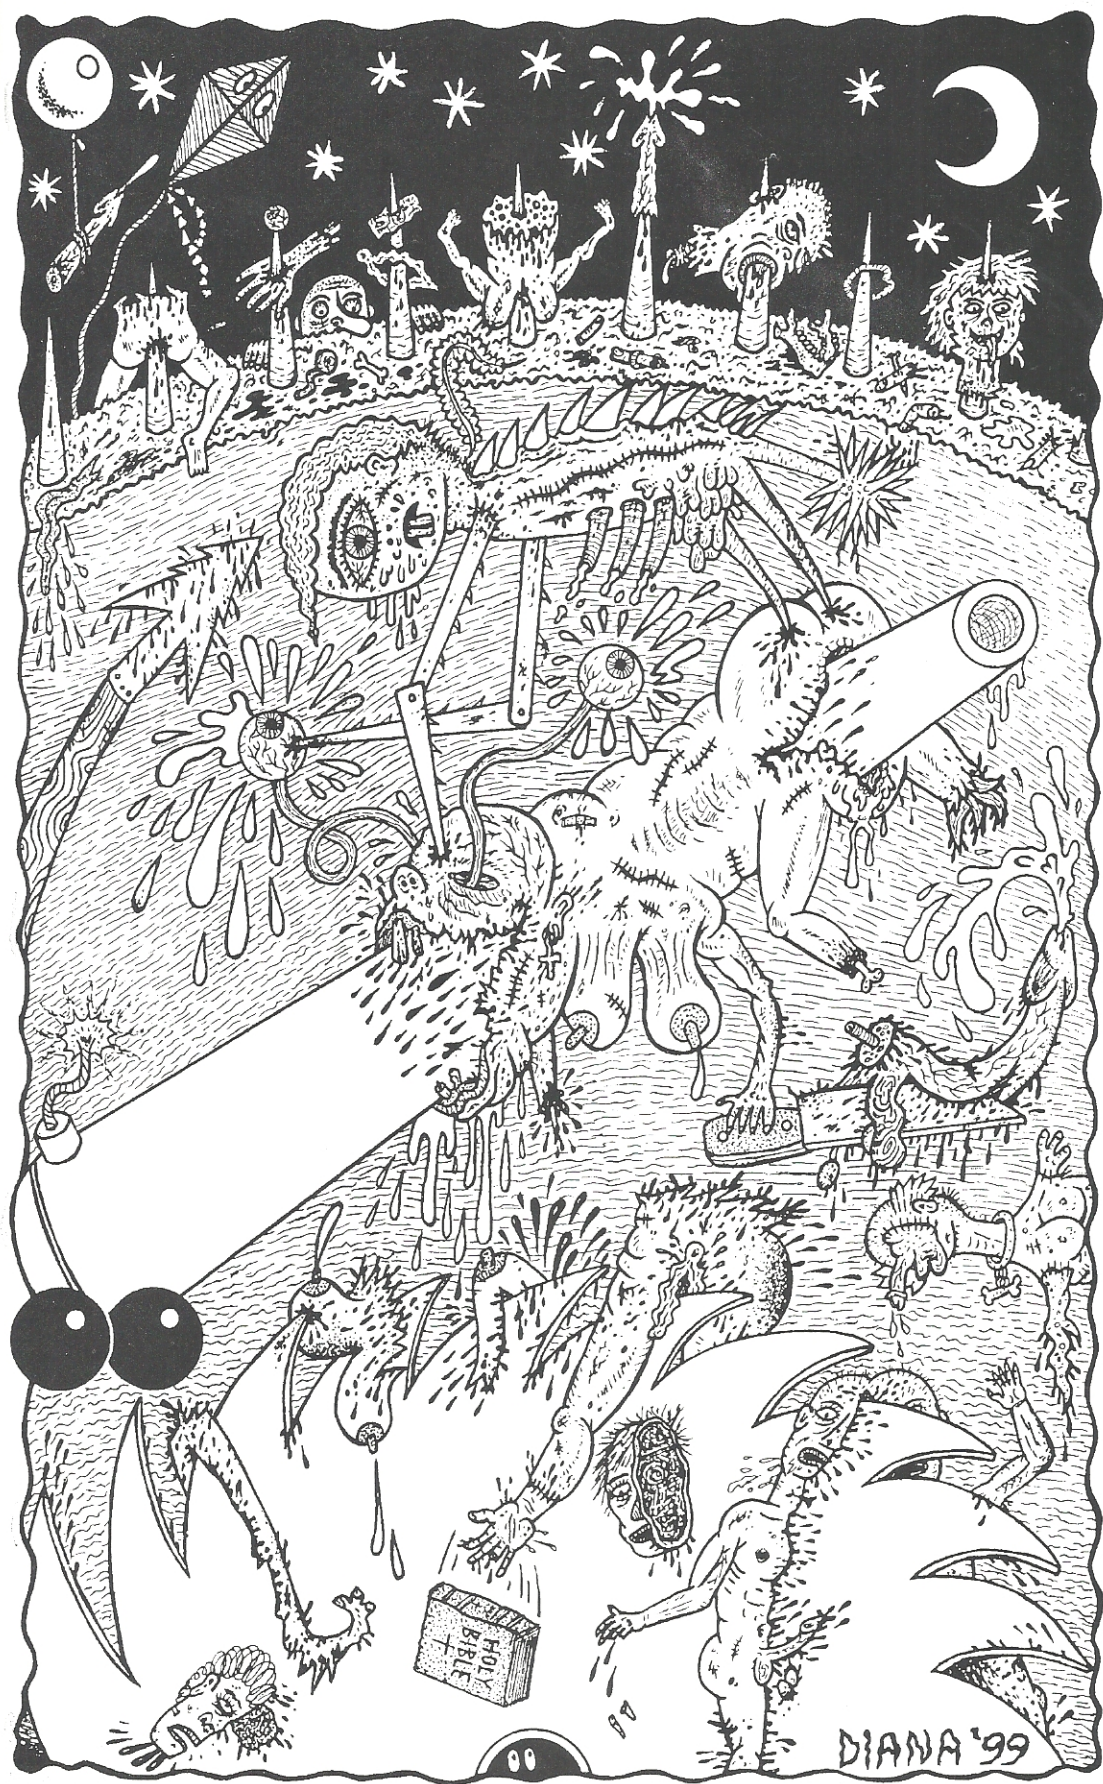

Holy Jesus! Run for your lives! Fuckin run for it.

Oh God please don't UNGH!

Then Chauncey blew his own brains out with glee.
